Greenery Office Interiors Ltd. Receives International Award

Calgary, Alberta, Oct.3, 2003

Greenery Office Interiors Ltd. is proud to announce it has been awarded a Grand Award for the installation of plants and design at the Sheraton Suites Calgary Eau Claire in the 34th Annual Awards program sponsored by the Associated Landscape Contractors of America (ALCA)

This the fourth year in a row that Greenery has been acknowledged internationally for outstanding works in the industry. Other award winning jobs are the Hyatt Regency Calgary, Fluor Canada and the roof-top garden at Catch Restaurant.

The Sheraton Eau Claire, which recently won international acclaim for the second year in a row, is an extremely popular hotel. The focus of the project was the amazing lobby. It was recently refurbished with incredible fiberglass and ceramic planters in colours of topaz and gold dust and lush tropical plants were added. Guests are frequently commenting and asking about the plants. The response to the beautiful additions to the hotel has been amazing.

Joanne Young, owner of Greenery Office Interiors Ltd is quick to praise her dedicated employees whose hard work has resulted in these prestigious awards. Young also acknowledges Jane Lawson, of Walker Lawson Design who was instrumental in the Sheraton Hotel project. Now in her 25th year in business, Young is thrilled to be recognized by her American peers as a leader in the industry.

ALCA's Awards Program reflects the association's commitment to creating and preserving the beauty of our landscape. The program is designed to reward landscape contracting professionals who execute quality landscaping projects and to recognize citizens who underwrite such work. In sponsoring the awards program, ALCA also strives to increase public awareness of environmental improvement through quality landscaping and to encourage the landscape contractors' consistent use of quality materials and workmanship.

ALCA represents approximately 2,500 interior and exterior landscape maintenance, installation, and design/build contractors and suppliers worldwide.
