FOR IMMEDIATE RELEASE

**Greenery Office Interiors Ltd. RECEIVES NATIONAL
ENVIRONMENTAL IMPROVEMENT AWARD**

Louisville, Kentucky, Nov 1, 2010 – Greenery Office Interiors Ltd is proud to announce it has been awarded a Grand Award for its Winter Garden installation at Jamieson Place in the 2010 Annual Environmental Improvement Awards Program sponsored by the Professional Landcare Network (PLANET).

The 22,000 sq ft space, called the Winter Garden, was created to be a contemplative and restful gallery type space in a modern and minimalist style combining art, sculpture, water, and lots of green including a Living Wall.

The Living wall, which is 1950 square feet, consists of over 20,000 plants with over 20 varieties, is the largest Interior Living Wall in Western Canada.

“To be involved in a project that has been noted as ***“the Interior PlantScape Installation of the Decade”*** has been a real thrill, says Joanne Young, President of Greenery Office Interiors. The recognition of this project, the Winter Garden, and our company is now world wide. We look forward to many more interesting and exciting projects in Calgary.”

Greenery Office Interiors Ltd adds this award to others collected in the past few years for the Sheraton Eau Claire Suites, Fluor Canada, the Hyatt Regency Hotel and the Nexen Atrium.

Greenery, a locally owned and operated company, has been providing top quality plants and plant care to corporate clients in Calgary for over 35 years now.

PLANET’s Environmental Improvement Awards Program reflects the association’s commitment to creating and preserving the beauty of our landscape. The program is designed to reward interior plantscaping professionals who execute superior projects. PLANET strives to increase public awareness of environmental improvement through contracted interior plantscaping and encourages the consistent use of quality materials and workmanship.

PLANET is the association of members who create and maintain the QUALITY OF LIFE in communities across America. With more than 3,500 member companies and affiliates, these firms and their employees represent more than 100,000 green industry professionals.
